Preceptor Applicants
C/O SIREMS Participating Services

Thank you to all of the applicants who took the time to submit applications for Paramedic Preceptor Positions. This was a much larger number of applicants than the selection period earlier this year with SIREMS. This pool included many applicants that clearly have gone above and beyond the normal expectations to further their education, improve patient care, provide outstanding documentation, and display the utmost in respect to their healthcare colleagues.

Chart reviews, citizenship, prior disciplinary actions, untoward occurrences, educational involvement, compassion, respect, integrity and dedication were all at the forefront of the decision-making process. Many individuals contributed information on behalf of the providers for my consideration.

Please join me in congratulating the new Paramedic Preceptors: Jessica Roberts, Nathaniel Dill, Jay Lopez, Brandon Roland, Jennifer Sweet, Amy Mathes, Joseph Wooten, and Chris Tellor.

Please contact me at joseph.haake@sih.net if you have any questions or concerns. I look forward to working with all of you in the future.

Sincerely,
